

Compostable Checkout Bag

Compostable Checkout Bag

We're committed to reducing the impact single-use products have on our environment, therefore we created this solution for people who want to make a difference. In an ideal world everyone will be using reusable bags. This is the next best solution.

The Compostable Checkout Bag is available in 10L size.

Compostable

Non-toxic

The Benefits

Non-toxic

Made from non-toxic, compostable materials and printed with non-toxic inks.

Durable

Manufactured to provide tear resistance and durability.

Compostable

Certified for both home and commercial composting under EN13432, AS4736, AS5810 and OK COMPOST.

Custom branding

Fully customisable. Choose from a section of sizes, colours and branding options.
